Parent And Community Involvement

The Norwich Board of Education encourages the participation of parents and the community in the Norwich Public Schools. The Board shall establish school-based teams with representatives of parents, students, teachers, administrators, members of the Board, and community organizations at each school. These teams shall undertake to increase and improve parent involvement by such methods as the teams deem appropriate, including but not limited to the mechanisms set forth in Section 10-4g of the Connecticut General Statutes.
