***Board of Education
Draft***

"The NEXTT Generation Norwich Education System is a fully integrated community educational environment for all our citizens throughout their lives in any facet they desire."

WE WILL:

- 1 be known for how learners, families, educators, and the Norwich Community work together to deliver personalized and effective learning programs for every learner.
- 2 give learners the personalized support they need for success
- 3 be flexible in the use of time, space, and learning experiences
- 4 use Norwich community resources creatively and responsibly for mutual benefit of the community, the schools, and learners
- 5 help citizens learn continuously throughout their lives
- 6 have a sustainable financial model that reflects not only the cost side of the public ledger, but also the benefits side
- 7 have processes that periodically renew the system as times and priorities change

To maintain existing academic programs.

To support funding to maintain class sizes at desirable levels.
(K - 23 per class; Grades 1 to 5 - 24 to 26 per class)

To maintain funding to support the Board of Education's Goals,
Priorities and Mission Statement.

To provide for adequate funding for maintenance and capital
projects.

To maintain all instructional materials as required through
curriculum planning for the current school year.

The Board of Education meetings are held monthly on the second Tuesday of the month at 5:30pm in the Kelly Middle School Community Room. The public is welcome to attend all meetings.

The budget process in Norwich includes planning, preparation, adoption, revision, implementation, and evaluation. The process is developed to provide every child in Norwich with the best educational opportunities available to them and to maximize the resources available in order to respectfully submit a reasonable budget. Once the budget is prepared and adopted by the School Board, the City Council has the authority to either increase or decrease the requested budget amount. Once the final City of Norwich budget is approved the School Board revises the budget to comply with the appropriation from City Council.

Staff Roles

Board of Education

The role of the Board of Education is to set policy and guidelines setting the framework for the Superintendent to develop the budget. The Board of Education is the legislative body responsible for adopting the budget and submitting it to the City Council.

Budget Expenditure Sub-Committee

This committee reviews budget documents, questions, recommends and suggests while insuring objectives of the Board of Education are met. This sub-committee is responsible for reporting information to the full Board of Education.

Principals/Department Heads/Staff

Develop budget requests for the upcoming year. The Principal submits the requests to the Superintendent and the Administrator for review, comments and/or adjustments.

Business Administrator/Business Office

Responsible for compiling the budget document for review by the Superintendent.

Superintendent

Insure the Board's goals and objectives have been met. Meet with Budget Expenditure sub-committee to review the budget documents and respond to inquiries. Submits budget to the Board of Education at the March meeting for review and adoption.

NORWICH PUBLIC SCHOOLS
BUDGET CALENDAR**Ongoing**

The Superintendent, Business Administrator and Board of Education members meet with City officials throughout the entire budget process. Periodic meetings with the Budget Expenditure sub-committee.

October/November

Budget workbook and procedures are sent to Principals for preparation.

November through February

Principals collect and develop budget requests and meet with the Business Manager and/or Superintendent as necessary. The Business Office compiles all budget requests for review by the Superintendent.

March/April

The Board of Education holds a public hearing along with a question and answer session on the proposed budget prior to the March Board of Education monthly meeting (may be held on same day prior to the meeting). The Board of Education adopts their budget at the March Board of Education monthly meeting.

May

The Board of Education receives guidance from the City Council.

June

The City Council adopts the budget no later than the second Monday in June. The Superintendent and the Business Administrator meet with the Budget Expenditure sub-committee to develop the final adjustments and makes a recommendation to the Board of Education regarding final budget revisions.

July

Budget implementation for new fiscal year.

	BOE ADOPTED BUDGET	DEC/INC BY CITY MGR	DEC/INC BY COUNCIL	TOTAL BUDGET
2005-06	\$56,326,030.00	\$541,596.00	\$300,000.00	\$57,167,626.00
<p>Board of Education submitted a 4% increase and the City Manager increased the budget to 5% with the understanding that any additional ECS monies received would be utilized by the City. The City Manager agreed to increase the Board of Education's budget in order to maintain their budget goal to "provide the highest quality education to facilitate the success of our children." An additional \$300,000 was appropriated to the Board of Education in the spring due to a projected shortfall in utility costs.</p>				
2006-07	\$60,339,134.00	\$0.00	\$0.00	\$60,339,134.00
<p>Numerous reductions occurred in the salaries account both certified and non-certified staff due to 28 retirements. The post employment benefit account which was originally budgeted in the amount of \$427,500 was covered by the BCBS demutualization from five years ago. BCBS was reduced by \$150,000. Various supply accounts totaling \$401,677 and \$402,540 in equipment was also cut. In Addition, \$600,000 of capital improvements was eliminated with the intent that the City Council would fund \$100,000 for capital improvements out of their budget. In total \$2,535,813 was cut by the Superintendent and an additional \$1,045,474 was cut by the Budget Expenditure Committee.</p>				
2007-08	\$63,903,490.30	\$0.00	\$319,748.00	\$64,223,238.30
<p>Board of Education submitted a 5.91% increase in an ordinance by the City adopted on 02/20/07. The ordinance authorized transferring funds from the State and Federal Education Grants and authorized the Norwich Board of Education to expend the sum of \$319,748 for post employment benefits liability for the fiscal year 2007-2008. The Superintendent's cost equaled \$764,340. In addition, Capital Improvements were not funded in the Board of Educations Budget for the second year, with the City funding \$200,000 in their Capital Improvements Budget for Mahan and Veterans' roof.</p>

NORWICH PUBLIC SCHOOLS QUESTION AND ANSWER

What makes up Norwich Public Schools

We have 7 elementary schools with enrollment of approximately 2605; 2 middle schools at 1115; 1 alternative high school at 80; 2 clinical day schools at 50; an adult education facility and Central Administration. Norwich Public Schools has Norwich Free Academy as the designated high school. In 10/11 we closed 2 facilities - Greeneville School and Buckingham.

There are 34 languages spoken in our school district (including English). 1030 students speak 33 other languages. As of 02/14/12 we have 110 homeless students.

We send high school students (mandated) to Norwich Free Academy, Ledyard High School and AgriScience, Science and Technology Magnet School, Norwich Tech, Quinebaug Middle College (no transportation) and Grasso Tech. We also send middle school children to the Dual Language and Arts Academy. Additionally, it is mandated that we provide transportation and several other services to the 2 parochial schools, Montessori (health services only) and the charter school. The Marine Science Magnet School in Groton and the ACT Arts Magnet School in Willimantic were added as options in 11/12.

We are also mandated to provide funding and transportation to all out of district placements based on eligibility of the student for those mandated services.

Non Public School Regular Education Tuition

Magnet/Charter - There is a statutory formula that dictates what a district will pay for each child sent to a magnet school. The tuition is based on designation, number of students and several other factors. In 10/11 Magnet school tuitions range from \$1,275 to \$5,000 per student. The Governor's proposal includes a \$1,000 charge for all Charter students. Tuition for regular education students to attend public high schools can range from approximately \$11,000 to \$13,000 per student (including transportation). We are not required to provide transportation for Norwich students to attend a magnet school. However, if we do provide transportation for them we are eligible for a reimbursement grant for up to \$1,300 per student per year (paid to the city).

Technical Schools - There is no tuition to pay for a student who is accepted into a technical school program. However we are required to provide transportation for Norwich residents.

Agriscience - Tuition for Norwich students to attend a vocational agriculture program are \$7,992 per student. We are also required to provide transportation for Norwich residents.

NEXTT Schools**Norwich Education Excellence for Today and Tomorrow's Schools**

Designing the next generation of Norwich Public Schools. The Design Process will make recommendations for: Infrastructure (funding, economics and technology); Buildings (learning environments, facilities study, long term plan for facilities and cost estimates for future planning); Drivers and constraints to implementing recommendations (interacting items and educational achievements for the 21st Century); Community design specifications (key interviews, focus groups, surveys and document reviews); and Design the Next Generation of Norwich Public Schools (based on specifications of stakeholders, restructuring and redesigning delivery systems).

What is an Education Foundation?

An education foundation is a not for profit and tax exempt organization with the sole purpose of supporting our schools. The Foundation would be directed by a non-salaried board of community members, and the Foundation would raise money each year through donations from school families, community members, businesses, foundations and alumni. These funds would assist in providing resources beyond the scope of public school funding. The Foundation would provide a way for the community to partner with the school district to improve the quality of public education. The Foundation would be independent of the school board and administration, though it would operate with their cooperation and support.

Non-Tenure, Non-Renew Notifications

Teacher tenure law is documented in Connecticut General Statute §10-151(b). The Contract of employment of a teacher who has not yet achieved tenure status may be terminated in either of two ways, either through "non-renewal" or through "termination". The Teacher Tenure Act provides that the contract of a non-tenure teacher will be renewed from year to year, unless 1) the teacher receives written notification prior to April 1 of one school year that his or her contract will not be renewed for the next school year or 2) the contract is terminated in accordance with statutory procedures. (Excerpt from A Practical Guide to Connecticut School Law by Thomas B Mooney)

10/11 Positions Eliminated

29.1 Non-certified staff composed of secretaries, nurses, interns, technology, school resource officers, library technicians and custodians.

38 Certified staff composed of teachers and administrators.

Total positions cut 67.1.

After the budget was passed, the federal government issued an Education Jobs Fund Grant to help bring back some employees. The grant is a two year grant in the amount of \$1,889,571. For 10//11 we put back 14 positions with this grant funding. \$1,268,696 is expected to carry over as funding for 11/12 positions.

11/12 Positions Eliminated

13 Certified positions and 4 Non Certified positions.

Concession History

In 2009/2010 Norwich Public School employees did make concessions across the board. The custodians took a pay freeze while the rest of the district accepted/requested 2 unpaid furlough days. They recognized the dire situation and wanted to be a part of the solution.

In 2010/2011 Norwich Public School employees did make concessions across the board again.

Custodians - Freeze plus additional 1% premium for insurance

Secretaries - Freeze

Afterschool Programs

NORWICH PUBLIC SCHOOLS QUESTION AND ANSWER

In 11/12 all afterschool programs were funded by grants. Middle School afterschool sports programs were redesigned and funded through the afterschool Aspire program.

Benefits - Health, FICA, etc...

We currently have more than \$7 million in grants through the state and federal government. Some grants permit resources to be used towards benefits of employees paid for by that grant. In other cases (most) the health insurance, social security (FICA) and other benefits are fully paid for by the general fund. Therefore, there may appear to be more money than is necessary for benefits based on the salary amounts paid for by local taxpayers - but that is not the case. The benefits also belong to the millions of dollars in salaries that are paid for by the state and federal funding. Health insurance benefits are also budgeted for retired employees who were eligible upon retirement.

NFA tuition percentage increase history (based on student population) is:

07/08	Increase 2.9%	\$510,425
08/09	Increase 6.2%	\$1,113,575
09/10	Decrease (.5%)	(\$9,660)
10/11	Increase 1.96%	\$372,405
11/12	Decrease (.01%)	(\$127,175)
12/13	Decrease (1.7%)	(\$328,305)

Totals for NFA 11/12 by Program:

Regular Education	1292	\$10,920
ILSP	13	\$35,400
ACES	32	\$38,990
RESOURCE	176	\$16,100
ABLE	5	\$58,700

Unemployment

Since we are a public school district we are required to pay unemployment insurance dollar for dollar for eligible employees. Eligible employees are not only those that are laid off by us but they also include ex-employees who may have been laid off from some future employer - it is all based on the number of quarters worked while employed by us and the period of time in our employment as well as the period of time since they were no longer employed by us. This dollar for dollar liability is not a "forever" requirement.

Language Requirements

There are 34 languages spoken by the students of Norwich Public Schools. Once we have 20 students in a school who speak one common language, we must provide a special resource center (classroom) and additional staff to accommodate the needs of those students.

Ages Mandated

When people think about education they think about traditional age groups, approximately from 5-18. However, public school districts are required to educate special education students from the age of 3-22 as well as providing for all the mandated requirements attributable to each of their Individual Education Plans (IEPs).

Assistant Principals

Currently there are only Assistant Principals in each of the two middle schools. The seven elementary schools only have a teacher who receives a small stipend to perform some tasks in addition to their normal duties. The alternative high school does not have either of the scenarios - just a Principal.

Special Education Tuition

We are required to provide services based on each special education student's Individual Education

Plan (IEP). In some instances the best approach is to send the child to a more appropriate facility and we would pay tuition directly to the receiving facility. Special education tuitions have large impacts on an education budget and those costs can vary from day to day in a district our size. There is minimal predictability within that portion of the budget. This is considered a partially funded mandate. After reaching a certain threshold of spending per outplaced student - we are eligible to receive Excess Cost Reimbursements from the state. The higher the reimbursement only means we have much larger expenses. The reimbursements are sent directly to the city but we are allowed to request some of those funds if our special education account runs at a deficit. But - the reimbursements are no where near funding the full mandate of services and instruction. Plus, the state tends to cap the reimbursements based on their budgetary issues and we don't learn about that cap until we are 2/3's through the year.

Value of a mill...

The value of a mill for 11/12 is \$2,319,838. An average home is assessed at \$126,000. A one mill increase on a \$126,000 home will be \$126.00.

Out of district placements as of 02/14/12

There are currently 97 students enrolled in programs out of the Norwich Public School district.

The price we pay...

We try to put as much as we possibly can directly to the education of our children or to the safety and health of our children. To that end, we have been very fortunate to have organizations and individuals make furniture donations, supply donations, uniform donations and computer and printer donations. The donations have played a major role in maintaining our programs over the years. Additionally, many of our employees make donations to their own classrooms or other schools that may be in need. We look for free or the most economical deals at every turn. When we do need to make a purchase we have developed some creative savings opportunities for supplies; we participate in the CREC consortium; we access state bid pricing; and we are working on city wide and regional cost savings strategies.

We have followed through with suggestions by employees and/or the community to save money on mailing supplies, postage, electricity, fuel, photocopies, instructional supplies, transportation and even staffing. There are so many people trying to be a part of the solution. It truly does take a village to raise a child...

NFA has developed a collaboration with Norwich Public Schools offering enrichment programs and opportunities to our middle school students.

Blogs/Comments

We are making every attempt to publicize accurate information regarding the budget and our schools. For those of you that have suggestions or sincere comments - please contact us directly. Some of the comments/suggestions are very helpful and can help us achieve what we must - a workable budget. But, although we have made every attempt - we cannot monitor every public forum, every written document and listen to every radio show hoping to hear some strategy that we can implement. Please come directly to the source - we will be happy to give you total credit for the suggestion(s) but we can only respond or implement if we know about it.

Electronic information

Although we make every attempt to save dollars on copies, printing and mailings - we have a very poor population of students and families. Most do not have access to a computer or any device to be able to receive the information. In an attempt to help that along we have implemented a School Messenger system to get information out to parents (and staff when necessary) in a timely fashion via the telephone. However, even then, many of our parents do not have phones. Legally we must make the information available to them and in many cases we must be reasonably assured that they have received the information - such as report cards. We are implementing some of these cost saving measures and will modify as we need to. Yes - we can send out more information electronically versus via US Mail but yes - we do need to be reasonably assured that they are receiving it.

The most recent budget information is maintained on the website: www.norwichpublicschools.org

Additional information may be obtained by emailing any of the Board of Education members (via the website) or by emailing Abby Dolliver, Superintendent at adolliver@norwichpublischools.org or Athena Nagel, Business Administrator at alnagel@norwichpublicschools.org.

NORWICH PUBLIC SCHOOLS ADULT EDUCATION MANDATES

Instructional Programs

Sections 10-67 to 10-73(d), inclusive, of the Connecticut General Statutes (C.G.S.) require that the adult education services described in this section be provided by local school districts, free of charge, to any adult 16 years of age or older who is not enrolled in a public elementary or secondary school program. Local school districts and other eligible agencies providing mandated adult education programs are reimbursed by the Connecticut State Department of Education on a cost-sharing, sliding scale based on the relative wealth of the district.

Adult Basic Education

Instruction is designed for adults who are functioning below the secondary school level and lack the basic reading, writing and numeracy skills necessary to function effectively as workers, parents and citizens. Instruction can be individualized or offered in a classroom, or a learning lab. Persons completing ABE are prepared to benefit from secondary level instruction.

Americanization/Citizenship

Instruction is designed for foreign-born adults who wish to become United States citizens. Persons completing this program are prepared to pursue citizenship through the prescribed process of the United States Citizenship and Immigration Services.

English as a Second Language (ESL)/English for Adults with Limited English Proficiency (LEP)

Instruction is designed for adults who have limited proficiency in the English Language or whose native language is not English. ESL programs assist individuals to improve their English skills in listening, speaking, reading and writing in order to find or maintain employment, attain citizenship, become more involved with their children's schooling and make greater use of community resources. Instruction is provided in English as a unifying means of serving the broad ethnic diversity of limited-English-speaking adults.

Secondary School Completion

Adult High School Credit Diploma (AHSCD):

The Adult High School Credit Diploma program is a prescribed plan, process and structure for earning a required number of academic and elective credits. The provider must be a local education agency (LEA) or Regional Education Service Center (RESC). Credits toward a local diploma must be obtained through a prescribed plan that requires a minimum of 20 credits in academic and elective areas. Credits for work or military experience, independent study projects, online courses and self-paced curriculum packets are additional ways to obtain credit. Each provider/town can enhance the basic AHSCD program but must adhere to the minimum state requirements: 1) use certified teachers and counselors; 2) adhere to State Department of Education requirements regarding assessment, enrollment, accountability and reporting; 3) meet required credit standards; and 4) ensure that a one credit course offers a minimum of 48 instructional hours.

Credits are required to be distributed as follows:

- 4 English
- 3 Social Studies (incl. 1 in US/American History and 1/2 in Civics/Govt)
- 3 Math
- 2 Science
- 1 Arts/Vocational Education
- 7 Electives

An adult who successfully completes the required credits of the AHSCD program is issued a local diploma by the providing LEA or RESC.

General Educational Development (GED)

Adults who have not completed high school must demonstrate, through a five-part examination that includes a writing sample, the attainment of academic skills and concepts normally acquired through completion of a high school program. Applicants for this examination must be at least 17 years of age and officially withdrawn from school for at least six months. Individuals who pass the GED Tests are awarded a Connecticut State High School Diploma. GED instructional programs, provided through the state in local school districts and a variety of other instructional sites, help individuals to prepare for this rigorous examination.

National External Diploma Program (NEDP)

This program provides a secondary school credential designed for adults who have gained skills through life experiences and demonstrated competence in a particular job, talent or academic area. The NEDP is a portfolio assessment program that offers no classroom instruction. An adult who successfully completes the portfolio assessment, as required, is awarded a high school diploma by his or her school district.

PRIORITY AND DRG INFORMATION

Priority School Information

In 1983, the State Board of Education requested \$2 million for a new state grant for school districts with the greatest academic need. The new grant became known as the Priority School District Program (PSD).

The emphasis remains on improving the quality of education available and focuses on funding any of the following initiatives: 1) the creation or expansion of innovative programs related to dropout prevention, 2) early reading intervention programs which include summer and afterschool programming, 3) the enhancement of the use of technology to support instruction or to improve parent-teacher communication, 4) initiatives to strengthen parent involvement in the education of children and parent, and 5) for purposes of obtaining accreditation for elementary and middle schools from the New England Association of Schools and Colleges.

Additional components are Priority Summer School Grants and Priority Extended School Hours Program Grants.

DRGs are District Reference Groups which are determined according to socio-economic status and other factors. There are nine DRGs in the state of Connecticut. The indicators are: median family income, parental education, parental occupation, percentage of children living in families with a single parent, percentage of public school children eligible to receive free or reduced price meals, percentage of children whose families speak a language other than English at home and the number of students attending schools in that district.
